**PITTSBURGH
GARDEN
RAILWAY
SOCIETY**

Established 1994

THE SOCIETY IS...

... a family-oriented group of people dedicated to enjoying the hobby of garden railroading and sharing our ideas and expertise with others.

WHAT IS A GARDEN RAILWAY?

It is an outdoor model train layout with larger trains such as G scale or O scale.

For some of us, that means a layout complete with buildings and people and tiny plants, perhaps meant to be a scale model of a specific full-size railroad.

For others, it's a track going through a full-size garden.

There are about two dozen garden railways in the Pittsburgh area.

Monthly, usually on Saturday or Sunday afternoons. During spring, summer and fall we meet at the homes of members.
